NEVADA BUSINESS.

ADVERTISE IN THE DAILY AND WEEKLY

WANT TO DO BUSINESS IN NEVADA ADVERTISE IN THE

JOURNAL.

Will He Go Next?

A certain young man in Astoria is feeling decidedly shaky over the report of a homicide in the San Francisco papers of Sunday. It is not the report of a single tragedy, however, that affects his nerves, but the fact that he was once intimately connected with the victims of four homicides. In 1888 five young men were expelled from a California military college for dragging a pompous and insulting drill master from his bed and pelting him with frost bitten potatoes and decayed apples.

In 1888 Dan Greenwell, one of the five, was shot and instantly killed in a row in Bodie. In 1889 Marshall Nicholson, another of the insubordinate students, was killed in northern California by an unknown assassin, and who lay in wait by the roadside and shot him through the head with a charge of buckshot. In 1890 Percy Williams, the third student, a brother of Sherrod Williams, who was formerly employed here by William T. Coleman & Co., was shot in a quarrel in Tulare, Cal., the result of a dispute over a horse race.

Recently in San Francisco Russell L. Thompson was shot through the head by his insane father-in-law while asleep. Thus four of the five students have been shot, one in each year since 1887, leaving but one, who is meditating a dose of morphine to baffle the fate reserved for him in 1892.—Astoria Bulletin.

An English Club Man Dead.

The death of Mr. George Cavendish Bentinck came as a surprise to all, for though he had been in failing health for some time past, yet no serious alarm was entertained as to his ultimate safety. Indeed, only a few days previous to his death Mrs. Bentinck was on a visit to her younger daughter, Mrs. James, and certainly then no grave anxiety was felt on his account. Mr. Bentinck was one of the founders of the well known amateur acting club, the "Old Stagers," which was to celebrate its jubilee during the cricket week at Canterbury this year. Indeed, Mr. Bentinck was to have been the hero of the coming festivities, for if not the last he was certainly the oldest of the original band that organized the club. "Little Ben," as he was generally called, was a great connoisseur in art, besides being an enthusiastic collector. His house in Grafton street was a positive museum, but there is little likelihood of its many treasures being put up for sale. The late Mr. Bentinck's eldest son married Miss Livingstone, a daughter of Mr. Maturin Livingstone, of New York.—London Truth.

Bachelors Do Their Own Cooking.

There is a widely popular fad among New York bachelors for domestic cookery. It is quite English, you know. There are more men about town experimenting with a chafing dish than most people imagine. They get their own simple breakfast at first, then carefully and gradually branch out in the broader fields of the culinary art. "There is more amusement in this thing," said one of these amateurs, "than anything I've struck for a long time. I have a little alcohol lamp that you could put in your pocket, and with this little lamp and a chafing dish I can turn out a good many palatable things. A friend of mine in the same house took breakfast with me one Sunday morning. Now he's got it. It isn't much trouble. It lends the needed variety to everyday life. It saves a right good bit of money too. Though I took it up originally as an amusement, it is a sensible and highly satisfactory way to live."—New York Herald.

Fishing in the Alleghenies.

Good trout fishing need not be expected this summer in the Blue Ridge and Allegheny mountains, for the recent heavy rains have played sad havoc with the finny tribe. The rainfall in the south has been without precedent, and the mountain streams have filled the rivers and either scattered the trout or killed them by their being left on the lowlands and swamps by the receding waters. The same fate has befallen that game fish the black bass. Every river south of Baltimore and Washington has been overflowing its banks continuously for the past two months. Long continued spring freshets are disastrous to the fish. On the other hand, all kinds of game in the south have wintered nicely. Bob White is likely to be in great abundance next fall.—Harper's Weekly.

His Kindness Caused His Death.

Frequently a man loses his life while risking it in the performance of a deed of bravery and daring, but it is seldom that life is sacrificed in the mere performance of a kind deed. But it is thought the death of John N. Ames, formerly of Camden, which occurred in Detroit recently, was caused in this way. He took a sick, friendless boy from the street into his office, wrapped him in his own overcoat, and notified the authorities, who took the boy to the hospital, where he soon died of malignant diphtheria. Mr. Ames was soon taken with the same disease and died.—Rockland (Me.) Courier-Gazette.

Peculiarity of Chinese Law.

If a Chinese boy were to kill a parent he would be burned alive at the stake in punishment for such an unnatural and horrible crime. But over the life of his children a father has absolute control, and can murder one of them and never incur the least penalty at the hands of the law.—Philadelphia Times.

THE FARMERS' ALLIANCE CANDIDATE.

It is now conceded beyond question that Senator Stanford has bid farewell to the Republicans and will henceforth cast his political fortunes with the Farmers' Alliance. He favors the proposition to loan money to farmers on real estate security at two per cent. per annum interest and is reported as saying at Sacramento that he believes the Government should own the railroads, and on these propositions is in accord with the platform adopted by the People's party at Cincinnati. He is also for free coinage, and as he opposed the Force bill passed by the House of Representatives and defeated by a bare majority in the Senate of the last Congress, he made many friends in the South and stands well with the Alliance in that section and in the Mississippi Valley States.

A dispatch from Washington to the New York World says: "Observing politicians from the West, who visit Washington have all the same story to tell about the great popularity of Senator Stanford among the rank and file of the Farmers' Alliance. It is said, moreover, that the feeling in his favor is growing rapidly and that in Kansas, Nebraska, parts of Colorado, Nevada and California, the prediction is made that he will be nominated next year for President by the National Convention, which represents the protest against the two old parties."

Senator Stanford is many times a millionaire, and is said to hold his great wealth in trust for the country. His popularity in California, which is doubtless partly due to his munificence in endowing a University for the education of the youth of the State, was proved last January when he was re-elected to the United States Senate without opposition, in the Republican party, which was largely in the ascendancy—and, as he has done nothing since to estrange the party, except to oppose the Force bill, there is no reason why he should not carry the Golden State for the Farmers' Alliance.

THE PHILADELPHIA TREASURER-SHIP.

Treasurer Birdsey of the good city of Philadelphia used the public money entrusted to his keeping as if it was his own private property. He loaned several hundred thousand dollars to favorites and drew the interest. Those to whom he had loaned the money failed and Treasurer Birdsey was unable to make good the amount. The fact became public and the Treasurer being ill was unable to emigrate to Canada or Mexico, and was placed under arrest in his own house, and his office declared vacant. Governor Pattison appointed a Mr. Wright to fill the vacancy, but he was of the wrong political complexion to suit the City Council, so they would not recognize him as Treasurer, nor permit him to take possession of the office, but appointed a Mr. Ollers to the place. Yesterday the latter took possession of the office, and the courts will have to decide whether the Governor or the County Committee and City Council has the right to appoint a Treasurer. The Governor is a Democrat and the City Council is Republican—hence the trouble.

THE CONGRESSIONAL APPROPRIATION.

Speaker Reed's Congress, which expired on the 31 of March last, appropriated a billion dollars for Government expenditures. This is the largest appropriation ever made by a legislative body. It would more than pay the National debt and is equal to about \$15 50 per capita for every man, woman and child, including Indians and Chinese, in the United States. The Boston Globe, whose arithmetician has been calculating what a billion dollars means, says:

"It is as much money as the entire wheat crop of the country for three years would amount to. If the money were in \$1 bills, and the bills placed end to end, they would reach almost half way from the earth to the moon. They would encircle the globe four times at the equator. If an expert cashier could count 100 of these bills a minute, and work ten hours a day without a pause and 365 days a year, it would take him nearly 50 years to count the whole. If the whole sum was in gold and loaded in freight cars, filling each car to its full capacity of 40,000 pounds, it would require a train of 100 cars to transport the gold from place to place. It will ver about 1,500 freight cars would be required."

The Pope's encyclical letter on social questions has been officially translated by Cardinal Manning. The London Times commenting on the letter says: "It is doubtful whether the questions are handled with success, yet the encyclical abounds in remarks that deserve attention, and it breathes throughout a spirit of Christian charity."

HAMILTON VS. THE RAILROAD.

A Suit for Heavy Damages. Special to the Journal.

CARSON, June 1.—The case of Asa M. Hamilton vs. the Southern Pacific Company was commenced in the U. S. Circuit Court to-day. Hamilton, who was taken off a train at Lovelocks, Nevada, January 24, 1889, in irons for refusing to sign a first-class unlimited ticket from New York to Los Angeles on cross examination admitted having purchased the ticket of a broker in Denver, which entitled him to stop over in San Francisco before going to Los Angeles. He didn't know when he would go to Los Angeles, claiming he had a right to sell it. The train hands endeavored to force him from the train at Rye Patch. First Hamilton drew a revolver and protested his rights, pointing the weapon at the ceiling and warning the hands to remain at a distance. The Conductor telegraphed on to the Sheriff at Lovelocks. At that point he was taken as mentioned. Plaintiff had sufficient money at that time to pay his fare to San Francisco, and was arrested without a warrant. A. A. Son and M. L. Levy of San Francisco both corroborated the testimony. He claims that false imprisonment, loss of time and other indignities suffered entitles him to sue for \$100,000. McMillan, Woodburn and Lindsay appear for the plaintiff, and Baker, Wines and Dorsey for the Railroad Company. Many witnesses for the company are present, and two magistrates are expected soon. The case was continued over to to-morrow.

Turkish Brigands Demand Heavy Ransom for a Banker.

Special to the Journal.

CONSTANTINOPLE, June 1.—A party of brigands near Thereskie yesterday placed obstructions across the railroad track and derailed the eastern express. They found several German and English tourists among the passengers. One of them was a banker of Berlin. The brigands demanded \$40,000 as a ransom for the captives and Chancellor Von Caprivi telegraphed the German Ambassador here authorizing him to advance the amount. The remaining passengers were despoiled of their belongings and then left alone. The place where the act of brigandage occurred lies between this city and Adrianople. The band numbered thirty.

A Fatal Fire Near Placerville.

Special to the Journal.

PLACERVILLE, Cal., June 1.—A Mrs. Colwell, a widow and a resident of Oakland, was burned to death last night at the residence of her son, Ralph Colwell, near Lotus. Ralph Colwell, with his wife, left home in the afternoon to visit friends near Coloma, leaving his mother alone at home. Returning about 11 o'clock at night they found Mrs. Colwell absent from the house and discovered that the barn had been burned. Mrs. Colwell's charred remains were found near where the door of the barn had stood. No satisfactory theory has been yet advanced as to the cause of the fire or the manner of the woman's death.

Military Display at the World's Fair.

Special to the Journal.

CHICAGO, June 1.—At a meeting of the World's Fair Ceremonies Committee to-day it was stated that Colorado, California, North Dakota, Minnesota, Kansas, Wisconsin, Indiana, Ohio and Pennsylvania will send to the dedication ceremonies in September, 1892, the pick of these State's troops. The committee decided to make a military display a decided feature of the big parade. E. T. Lees' scheme for a reunion of soldiers north and south was discussed and it was decided to make no special feature of such a reunion. Soldiers wearing either the blue or the gray will be welcomed and well treated.

Lovers Commit Suicide.

Special to the Journal.

GALENA, Ill., June 1.—Two youthful lovers, Miss Ida Townsend and Elmer Foster, living in Rush township, this county, committed suicide last night. They had been out for a drive and returned late in the evening. The girl's mother entered the room to call her this morning and found both dead, the young man upon the bed and the girl on the floor to which she had fallen in her agony. They had taken strychnine. The girl's father is wealthy and Foster was a farm hand and it is said the parents opposed the union.

Special to the Journal.

WASHINGTON, June 1.—The public debt statement shows a decrease of the bonded debt during the month of \$2,209,168. Total amount of cash in the treasury May 31st, 1891, \$349,139,508; debt less cash in treasury April 30, 1891, \$848,515,593; net increase of debt during the month \$622,915.

THE JOANNA MINE.

Important Decision by the U. S. Circuit Court.

Yesterday Judge Hawley presiding in the U. S. Circuit Court at Carson City decided the case of Walcott vs. Watson, involving a one-half interest in the celebrated Joanna mine in White Pine county.

The decision related to the removal of the case under the Act of Congress of August 13, 1888, from the State Court to the Federal Court on the ground of local prejudice and influence. Mrs. Walcott brought the suit in the State Court for one-half of the mine and an accounting. Watson filed an answer in the State Court denying the claims of plaintiff and setting up a counter claim for \$40,000 against Mrs. Walcott. Mrs. Walcott thereupon, being a citizen of California and Watson of Nevada, although she was plaintiff on the record, filed a petition for the removal of the case to the Federal Court on the ground of local prejudice and influence against her, asserting that as to the counter claim she was defendant. Judge Knowles of Montana made the order to remove, and counsel for Watson moved to remand. Judge Hawley held that the case was properly removed, and that it is now and has been since the order of removal in the U. S. Circuit Court. The State Court, notwithstanding the order of removal, tried the case ex-parte and rendered judgment for Watson. The attorneys for Mrs. Walcott relied upon the order of the Federal Court, and were not present at the State trial. The decision of Judge Hawley was a victory for Mrs. Walcott and the cause must be tried in the Federal Court. A. C. Ellis and W. Beatty of San Francisco represented Mrs. Walcott and Messrs. Wren, Cheney, Rives and Beatty represented Watson.

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

To Get

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy their own brand of Hood's; he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, was satisfied with it, and did not want any other."

Hood's

When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELLA A. GOFF, 61 Terrace Street, Boston.
